

# Life at The Lodge

## what do I leave home?

- Bed linens, a comforter, pillow, and towels will be provided for you.
- Clothing hamper.
- Weapons, illegal items, drug paraphernalia.
- Household furnishings and appliances such as humidifiers, TVs, blenders, stereos, and chairs.
- The Lodge is a tobacco-free environment and smoking is prohibited. The Lodge does not permit the use of pipes, cigarettes, cigars, vapes, electronic cigarettes (e-cigs), chewing tobacco, or other forms of tobacco consumption on-site. The Lodge does offer support for those dealing with tobacco cessation in the form of nicotine replacement options such as patches or lozenges.
- Items that may cause a safety concern for other guests. Because we aim to serve those individuals at high risk, often times high risk for suicide, we ask that you not bring items that may compromise an individual's recovery, like a razor. If you do need to bring one of these items, a staff member will assist you in securing the item while not in use.
